We regularly need several international students to participate in our activities like the intercultural village, English order, and school visiting. It is for part time jobs, not stable ones. The amount of required international students is also limited. But you can choose to join any activities we hold based on your available time. If you're chosen to be in our big family, you can gain lots of PT chances. Before you join these activities, we'll have a meeting to let you know more about your job details.

About our activities

***Intercultural Village:** We make five groups with five international students. Each international student will have five PU students to talk about some topics like school life, culture shock, music, food, etc.

***Order in English:** We hold four sessions of Order in English in one semester. We usually arrange two international students to participate in this activity. It will take place in a beverage store for two hours in the afternoon. Basically, just to interact with students and ask them if they know how to order drinks in English.

***School Visiting:** Not happen very often. But if we require someone to join the activities, we will post information on our line group. Sometimes we will go to high schools to hold the English activities. And, sometimes, those activities will be held in PU. Things you need to do will be English activity design and execution.
